Announcement of establishment of a holding company in the U.S.

The Company announces that at its meeting held on June 26, the Board of Directors decided to establish a wholly-owned company (a holding company) in the United States in July this year as follows:

1. Purposes and an outline of the holding company
The Company has been promoting a business development in the United States with emphasis on development and launching of “lurasidone”, which is under clinical development for schizophrenia, under the Mid-term Business Plan which aims at full formation and enhancement of the business foundation toward the Company’s globalization. A wholly-owned holding company has been decided to be established in the U.S. as part of the Mid-term Business Plan.
In the United States, Dainippon Sumitomo Pharma America, Inc. (DSPA), the Company’s wholly-owned U.S. firm, is now forwarding global development of lurasidone as well as preparation for building of a selling system for this particular product. DSPA is going to be a 100% owned subsidiary of this holding company.
A new sales subsidiary is also planned to be formed under the holding company in the future.
